

# LOCATION

Located in the heart of Hoboken, minutes away from NYC, courses are run at the Consortium for Translational Orthodontic Research headquarters (CTOR), a welcoming environment for clinicians and scientists across disciplines to flourish and develop revolutionary new treatments. CTOR features state-of-the-art education facilities, a clinic and lab for patient demonstrations and hands-on training.

# CONTINUING EDUCATION

A  
CUTTINGEDGE  
EDUCATION  
RESEARCH  
CENTER

CTOR Academy mission is to train and update oral health providers on the latest advances of the different specialties, and encourage collaborations on diagnosis and treatment of challenging and multidisciplinary cases.

Its unique courses incorporate didactic online and onsite programs with pre-clinical and clinical training, to meet the needs of dental health professionals' continuing education.

## COURSES

CTOR Academy offers a well-rounded course catalog in various fields of Dentistry and has expanded the list to include topics that have been requested by General Dentists such as Early Treatment, Oral Medicine, Invisalign Training, and Pre-Restorative Adjunctive Orthodontics.

CTOR Academy is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.
